

Company Profile xSuite Group 2023

## We're a Global Player for Accounts Payable Invoice Automation and P2P Processes with SAP

xSuite Group is among the leading software manufacturers of intelligent applications automating document-based business processes. We serve organizations across the globe with our expertise in workflows for accounts payable in SAP and provide all our services and software components from a single source. More than 300,000 users at mid-sized to large enterprises and public institutions use our solutions to process over 80 million documents each year.

xSuite solutions optimize processes in the cloud, on premises, and in hybrid settings. They cover the whole purchase-to-pay workflow from requisitioning to the receipt and processing of order confirmations and invoices. For digital integration of suppliers, we offer a business partner portal.

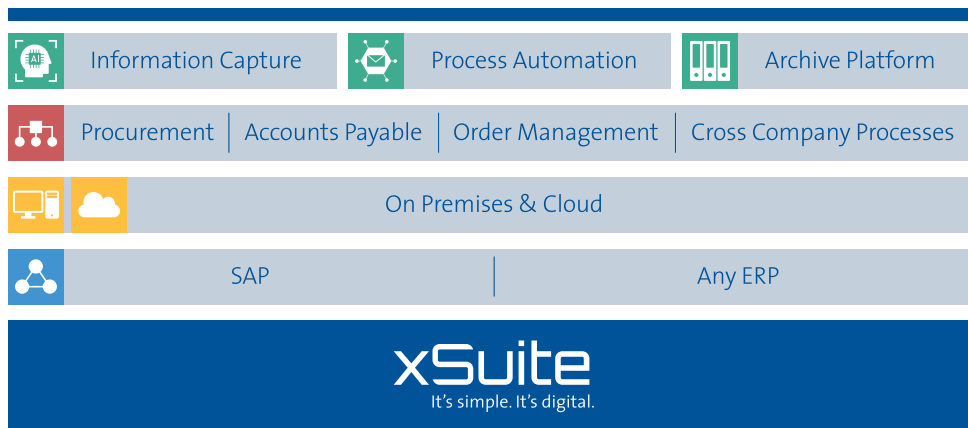

The entire digital workflow is based on xSuite technology and contains the components necessary for document capture, workflow, and audit-proof archiving, with all the advantages of targeted AI functions for optimal usability.

In addition to expert process consulting, project coordination and software implementation, we offer training, support, and managed services.
